

CHURCH ENTRANCES

As we grow into our new space, we will be utilizing our new entrances and developing new habits. Also, with so many new entrances to the church, we will need to be mindful about which doors are locked and unlocked and how we access the church for worship in order to follow proper safety protocols.

Thus, on Sunday mornings, the Church Street Entrance, the Parking Lot Entrance, and the Elevator Access Entrance will all be opened at specific times and locked at specific times in order to maintain the safety of the church. The Alley (old Social Room Door) will remain closed as we would like to encourage people to use our new elevator which is more efficient than the old lift. We also expect to put the old lift out of commission in the near future.

During business hours, if you need to access the building, there is a call box at the Parking Lot Entrance that will allow the church office to "buzz you in."
